

STRUCTURAL PROJECT ENGINEER

Job Description:

Mohlin & Company is looking for an experienced structural engineer with the skills to take on the challenge of designing major industrial and/or commercial projects in an atmosphere that is both disciplined and creative. The ideal candidate would have 10-15 years of experience, PE registration, outstanding technical skills, as well as the ability to work in a fast paced environment and manage project scope, schedule and budget on large and small projects. Candidates must also be able to maintain existing and develop new client relationships by doing quality, precise and practical work.

Job Requirements:

- BSCE from an accredited college or university
- Professional registration
- 10-15 Years of increasing responsibility for the design of industrial and/or commercial projects
- Proficient in the use of STAAD, RAM Steel, Enercalc, MATS, Word, Excel and other computer software tools
- Knowledge of AutoCAD
- Ability to maintain budgets and schedules
- Ability to work in fast paced environments

Salary Range: \$75,000 - \$80,000

Benefits: Company Benefits: Mohlin & Company is committed to offering the best package of benefits available in the industry. They include participation in 401k, profit sharing and bonus plan, group health and dental plan, short term disability, 10 holidays, 3 weeks vacation, 5 sick days.

Other Benefits: Opportunity to live and work in the beautiful coastal, Southern Maine area where great housing, excellent schools and a great way of life still exist.

Company Profile: Mohlin & Company is a consulting engineering firm specializing in the practice of Structural Engineering. Located in Southern Maine, we have provided innovative and practical design solutions to the commercial, industrial and power industries throughout New England, the Mid-West, Mid-Atlantic and Southern U.S. for the past 26 years. Our goal is to provide our clients with the highest quality engineering possible in the most responsive and economical manner, and providing our employees with a dynamic and professional work environment with the opportunity to grow personally and professionally.
